Work & Play

Work from home with ease at this stylish apartment in Chicago's trendy River North neighbourhood. You'll have plenty of options from where to set up shop - from the breakfast bar in the kitchen, to the bright blue armchair in the living room with sprawling city views. After a long day, the Whole Foods on-site makes it convenient to nip down for groceries before making yourself some dinner in the well-equipped kitchen. Thoughtfully curated art, plants and a flat-screen television makes this cosy flat feel like a home away from home. And with Oak Street Beach, Michigan Avenue, and Gold Coast just a stroll away, you'll still feel like you're on holiday.
